

WORKING RELATIONSHIP DOCUMENT

This Working Relationship Document is made between the **Caribbean Rastafari Organisation Inc.** hereinafter called **CRO** and the **Rastafari Continental Council** hereinafter called **RCC**.

CRO is an organisation that was created in 2000 and serves as an umbrella for Rastafari organisations of the Caribbean geographical region. It is a legally registered non-profit company, Company no. 8 of 2019, island of Nevis.

RCC is an organisation that was created in 2018 and serves as an umbrella for Rastafari organisations on the African continent.

CRO and **RCC** are organisations that are guided by the teachings of HIM Emperor Haile Selassie 1st and Empress Menen

CRO and **RCC** value the importance of global cooperation among Rastafari communities and are pursuing the creation of a **Rastafari Global Secretariat (RGS)**.

CRO and **RCC** share the opinion that Rastafari communities are leaders towards the goals of reparatory justice for African people worldwide.

CRO and **RCC** prioritize the settlement of Rastafari communities on the African continent in honor and dignity where all human rights for the communities are guaranteed.

CRO and **RCC** for the future will work to remove poverty from stagnating development in Rastafari communities.

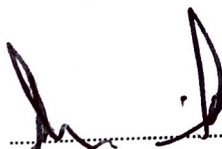

Given the context, **CRO** and **RCC** through the creation of this **Working Relationship Document**, will enter a relationship to build economic, reparatory, social and cultural bridges between Rastafari communities of the Caribbean and the Nations of Africa.

The date for the start of the **Working Relationship Document** is **June 1st, 2019**.

CRO and **RCC** will share awareness on their projects, including aims and objectives, timelines for achievements and challenges to progress.

CRO and **RCC** will identify human resources across the organisations that can provide the skills/capacity required to achieve the desirable outcomes of economic, reparatory, social and cultural development of the Rastafari communities represented, thereby pooling human resources when necessary on the execution of projects.

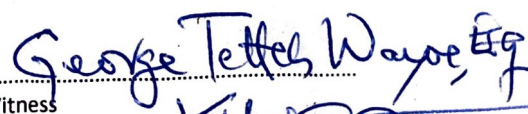

CRO and **RCC** will encourage joint projects between the organisations and provide opportunities for income generation for the benefit of the organisations.
